Nursing is a profession within the health care sector focused on the care of individuals, families, and communities so they may attain, maintain, or recover optimal health and quality of life. Nurses may be differentiated from other health care providers by their approach to patient care, training, and scope of practice. Nurses practice in many specialties with differing levels of prescription ...

Nursing - Wikipedia

Program Description Nursing is a profession that provides opportunities for specialization, team work, leadership and personal growth. Nursing promotes partnerships with other health care professionals in caring for clients and families across the lifespan through a variety of health care settings.
