Migration and Globalization <http://www.globalization101.org> 2 Introduction Transnational flows of goods and capital have driven globalization during recent years.

Migration and Globalization

Chain migration is a term used by scholars to refer to the social process by which migrants from a particular town follow others from that town to a particular destination. The destination may be in another country or in a new location within the same country. Chain migration can be defined as a "movement in which prospective migrants learn of opportunities, are provided with transportation ...

Chain migration - Wikipedia

A remittance is a transfer of money by a foreign worker to an individual in their home country. Money sent home by migrants competes with international aid as one of the largest financial inflows to developing countries. Workers' remittances are a significant part of international capital flows, especially with regard to labour-exporting countries. ...

or given it a male bias. Overarching this is a general deficit of evidence on the exact impact of migration and remittances on poverty. I will look at some gendered aspects of the determinants, processes and impacts of migration,

Gender, Poverty Reduction and Migration - World Bank

Remittances are monies sent by foreign-born workers (legal immigrants and illegal aliens) back to their home country. The transfers are facilitated by sending money through banks, making investments in the home country, or by returning to the home country while retaining bank accounts and other assets in the United States.
