Different Levels of Empowerment In line with most theorists on empowerment the one has to view empowerment as taking place on different levels and that change on all levels is necessary if the empowerment of women is really to occur.

Women Empowerment : A Challenge of 21st Century

Gender empowerment conventionally refers to the empowerment of women, which is a significant topic of discussion in regards to development and economics nowadays. It also points to approaches regarding other marginalized genders in a particular political or social context. This approach to empowerment is partly informed by feminism and employed legal empowerment by building on international ...
