The New Worlds Mission is a proposed project comprising a large occulter flying in formation designed to block the light of nearby stars in order to observe their orbiting exoplanets. The observations could be taken with an existing space telescope, possibly the James Webb Space Telescope when it launches, or a dedicated visible light optical telescope optimally designed for the task of finding ...

The New World is one of the names used for the majority of Earth's Western Hemisphere, specifically the Americas (including nearby islands such as those of the Caribbean and Bermuda).. The term originated in the early 16th century after Europeans made landfall in what would later be called the Americas in the age of discovery, expanding the geographical horizon of classical geographers, who ...

Everybodyâ€™s an artist. That was the idea behind the Smashing Creativity Challenge which we announced at the beginning of the month. We asked the community to get their creative ideas flowing, and design a desktop wallpaper for March 2018. The only requirement: The wallpaper had to somehow relate to the theme â€œExploring New Worldsâ€•.
