There are fewer women at the top because they have a different work/life balance than men, it is claimed. Mothers'™ careers progress slowly because they are mothers " because they have to spend more time on their children.

The motherhood penalty: It's not children that slow

A mother is the female parent of a child. Mothers are women who inhabit or perform the role of bearing some relation to their children, who may or may not be their biological offspring. Thus, dependent on the context, women can be considered mothers by virtue of having given birth, by raising their child(ren), supplying their ovum for fertilisation, or some combination thereof.
