Last week I finally found some time to add the automation mode to Epiphany, that allows to run automated tests using WebDriver. It's important to note that the automation mode is not expected to be used by users or applications to control the browser remotely, but only by WebDriver automated tests.

When I decided to quit my job and travel the world, I walked into a bookstore and bought Lonely Planet's Southeast Asia on a Shoestring. I was in Thailand and was eager to get started. Buying that guidebook made my impulsive decision seem real. Thumbing through its pages on my flight home, I was ...
