

understanding dying death and pdf

Death is the cessation of all biological functions that sustain a living organism. Phenomena which commonly bring about death include aging, predation, malnutrition, disease, suicide, homicide, starvation, dehydration, and accidents or major trauma resulting in terminal injury. In most cases, bodies of living organisms begin to decompose shortly after death.

In linguistics, language death occurs when a language loses its last native speaker. By extension, language extinction is when the language is no longer known, including by second-language speakers. Other similar terms include linguicide, the death of a language from natural or political causes, and rarely glottophagy, the absorption or replacement of a minor language by a major language.

Back to top ↑ Death with Dignity as an End-of-Life Option What is death with dignity as an end-of-life option? Death with dignity is an end-of-life option that allows certain terminally ill people to voluntarily and legally request and receive a prescription medication from their physician to hasten their death in a peaceful, humane, and dignified manner.

FAQs - Physician-Hastened Death - Death With Dignity

We are currently living through the declining era of democracy. The age of democracy began in 1776, when America revolted from its King, but it was not until the French Revolution of 1789 and the destruction of most of Europe's monarchies in the ensuing Napoleonic Wars did the age of democracy begin in earnest.
